

I listen to KLOVE 90.1 daily, not just for the music, but the personalities' encouraging dialogue. The local community would be adversely affected by the loss of KLOVE being displaced w/ an LPFM broadcaster because of KLOVE's wholesome format. Bottomline-I would have nothing to tune into while my children are in the car. That is why I gave \$500 to them earlier this year to help support its broadcast. Please do not take away KLOVE.
